

# Heni Ben Amara

Flutter Developer | Software Engineer

Sfax, Tunisia (remote) | +216 23 075 191 | [henibenamara10@gmail.com](mailto:henibenamara10@gmail.com) | [linkedin.com/in/henibenamara](https://linkedin.com/in/henibenamara)

## PROFESSIONAL SUMMARY

Flutter engineer with 4+ years of hands-on experience building production mobile and web applications from a single codebase, backed by Go services. Specialized in clean architecture, BLoC/Cubit state management and multi-tenant systems. Shipped enterprise platforms, including a time-tracking app used by 3,000+ employees across 20+ companies, in multinational Agile/Scrum teams, with trilingual (EN/DE/FR) localization.

## PROFESSIONAL EXPERIENCE

### Flutter Developer

Feb 2024 – Present

PASS Consulting Group | Germany · Remote · Full-time

- Developed a **time-tracking application** (Flutter web + mobile) used by **3,000+ employees across 20+ companies**.
- Built a **multi-tenant resource booking platform** with an interactive floor-plan editor, drag-and-drop positioning, real-time availability and role-based access control (employee, admin, super admin).
- Architected mobile apps end to end with **BLoC/Cubit**, a **PocketBase** REST backend, custom **Go** APIs and EN/DE/FR localization.
- Designed a super admin panel for cross-tenant corporation and user management, with Go-based backend hooks.
- Implemented **Keycloak** auth (OAuth2 / OIDC, SSO) and **GoRouter** navigation with deep links and auth-guarded flows.
- Enforced clean architecture across a Dart/Flutter **monorepo** (3 apps + shared packages) with Freezed, dependency injection and feature-based structure; maintained **GitLab CI/CD** pipelines and managed sprints in Jira.

### Flutter Developer

May 2023 – Jan 2024

Unilog | Sfax, Tunisia · On-site · Full-time

- Developed a full-scale **enterprise app** (Finance, HRM, CRM, advanced dashboards) used by **200+ employees**.
- Built a barcode/QR scanner module for inventory data capture and ERP integration.
- Implemented GetX state management and established GitLab CI practices for the mobile team.

### Software Developer

Nov 2022 – May 2023

Logicom Informatique Sfax | Sfax, Tunisia · On-site · Full-time

- Built ERP modules (Inventory, Production, Commercial) with VB.NET, Flutter and ReactJS for warehouse and sales workflows.
- Diagnosed and resolved critical production bugs, reducing downtime and improving stability.
- Provided technical consulting to stakeholders, translating business requirements into software.

### End-of-Study Internship

Feb 2022 – Jun 2022

Procan | Sfax, Tunisia · On-site

- Delivered a **delivery platform** (Flutter, ReactJS, Node.js, MongoDB) adopted by local businesses for route and order tracking.
- Shipped the full cross-platform solution in 5 months; recognized as **“Best Project”** of the cohort.

## TECHNICAL SKILLS

**Mobile & Web:** Flutter, Dart, Kotlin, React.js, Angular, Node.js, HTML/CSS

**State & Navigation:** BLoC, Cubit, GetX, Freezed, GoRouter

**Backend & Data:** Go, PocketBase, .NET, REST APIs, SQL, MongoDB

**Auth & Security:** Keycloak, OAuth2 / OIDC, role-based access control, SSO

**Architecture:** Clean Architecture, SOLID, monorepo (Melos), multi-tenancy, dependency injection

**DevOps & Tools:** Git, GitLab CI/CD, GitHub, Jira, Agile / Scrum, UI/UX best practices

## EDUCATION

**Engineer's Degree, Software Engineering** – International Institute of Technology (IIT), Sfax, Tunisia | Sep 2023 – Jun 2026

ASIIN-accredited, Euro-Inf<sup>®</sup> Master level

**Bachelor's Degree, Information System Development** – Higher Institute of Technological Studies of Sfax | Sep 2019 – Jul 2022

**Baccalaureate, Technology Science** – Abou El Kacem Chebbi High School, Sfax | 2016 – Jun 2019

## ADDITIONAL INFORMATION

**Languages:** Arabic (native), English (professional, C1), French (professional), German (basic, A1)

**Certifications:** SFPC (CertiProf), EF SET C1 Advanced (EF Education First), IT Specialist in Python (Certiport)

**Interests:** Tech meetups, open-source contributions, running, volunteering
